Radiotherapy Services in Northern Ireland are currently delivered at the Cancer Centre, Belfast City Hospital, BHSCT. The new unit at Altnagelvin Area Hospital, WHSCT is part of the expansion programme for radiotherapy in Northern Ireland.

It is anticipated that the new unit will be in operation by mid-2016. There will be close linkages between the two departments which will together provide radiotherapy services for the Northern Ireland region. In addition the unit at Altnagelvin Area Hospital will also deliver a radiotherapy service for patients from the North West region of Republic of Ireland.
