Published: Tuesday, October 16, 2012

Summary

In July 2012, the Society and College of Radiographers surveyed current students and recent graduates from radiography programmes to gather information about their motivations, finances and experiences. Nearly 500 respondents answered a range of questions in an online questionnaire about the reasons they chose radiography, their finances during and after their degree and their experiences in their first job. This document presents an analysis of this survey.
