

Chesney Award 2023

Nominations now open!

The Chesney Award celebrates students on practical training within the Midlands region who have gone above and beyond normal standards or consistently demonstrated their understanding of patient care / enhancing patient experience.

Twin sisters Muriel and Noreen Chesney were famous in the radiography world as authors of several textbooks and papers and well respected teachers, Muriel at Birmingham and Noreen at Coventry and Warwick.

The award was set up by the SoR Midlands Regional Committee in their honour, and the winner will receive £100 and a certificate.
