- c) Mentoring experience. This can be formal or informal. In what capacity was mentoring delivered? (e.g. personal tutor, career advisor, clinical supervisor, PhD supervisor): **Informal – clinical supervision**

4. Mentorship scheme expectations

- a) What do you wish to achieve through your participation in this mentoring scheme?
Develop a better understanding of how I can mentor others and support their development.
Provide support and share experiences to bring different perspective and insight.
- b) What are your expectations from your mentee in this scheme?
To be open and share their experiences and aspirations. Understand what they are hoping to gain from this scheme and what they are prepared to commit to. Commit to sessions that they agree to and prepared to learn about themselves and what it like to be on the receiving end of themselves.

5. More about you

Please state any extracurricular activities/hobbies that you have. This may help in pairing you with your mentee.

Outdoor activities – all sort, happy to give anything a go once!

Sport in general – run regularly, previously played hockey to a good standard and occasionally tempted back. Exeter Chiefs rugby fan.

Taxi driver to teenage boys...
