

Ultrasound Advisory Group work plan 2019-2020

I: Promote the sonographer role

- Source and provide materials for #MUAM
- Engage with writing news updates for Snyergy News and SCoR social media platforms
- Increase #SoMe presence with journal club

II: Support professional and educational standards

- Engage with consultations e.g. NICE, RCOG, RCR, FASP, NSC
- Advise on and review SCoR and BMUS guidelines
- Plan a professional issues study day for 2020

III: Engage with stakeholders and patient groups

- Participate in meetings or review documentations related to patient groups and safer patient care e.g. TAMBA, NBCP
- Develop an UAG alumni group

IV: Ensure a safe place to work

- Assist the Professional Officer (Ultrasound) providing advice to members
- Input into PVRS discussions as relevant

V: Influence future delivery

- Continue to input into the sonography career framework developments
- Provide advice on future documents
