by the Society of  
Radiographers

## Join the NHS Voice Into Action Programme!

### A multi-disciplinary programme for all levels:

An opportunity to  
collaborate with  
others and gain key  
skills for your career

Develop your own skills  
with the time and  
support signed-off by  
management

Influence service  
leadership to support the  
innovative change you  
want to make

A **first-of-its-kind programme for NHS London Breast Screening**, designed to incorporate learnings from the recent HOTT conversations. It combines **practical collaborative workshops, bespoke coaching and a digital learning platform**. The programme is **endorsed as CPD by the Society of Radiographers**, and is available for **all experience levels, without prerequisites**, from **January to March 2023**.

- Learn fundamental leadership and problem-solving skills (inspired by startup founders)
- Generate ideas to improve your own experience day-to-day, alongside the client pathway
- Collaborate with other practitioners across NHS London Breast Screening

**Time requirement:** *Three half-day remote workshops, two 1-hour coaching calls and some remote group work at a time that suits you.*

**We listened — now it is your opportunity to influence and deliver change!**

LONDON BREAST SCREENING  
**VOICE INTO ACTION**
