

Don't miss your chance to vote for important questions for research in Early Osteoarthritis of Hips and Knees

Who can take part?

Patients, carers, and health/social care professionals

If you have, have had, or are caring for someone who has, or had, early stage osteoarthritis (OA), or work as a health or social care professional in this area.....*this is your chance to influence what questions future research should answer.*

Why should I take the survey?

The **Early OA of Hip and Knee** prioritisation survey will result in the Top Ten questions that future research should answer in respect of (i) surgical treatments for early OA, (ii) Non-surgical treatments, and (iii) other important questions. The questions were collected by an initial survey in Spring 2015, and have been collated and checked to see whether any have already been answered.

How can I take part?

The survey will be available from **November 26th** 2015 at

<https://www.surveymonkey.com/r/8KDKF58>

It should only take about 15 minutes to complete.

For more information, or to request a paper copy, contact the James Lind Alliance Project Manager at the Oxford Biomedical Research Centre - tel/voicemail 01865 223298, e-mail sandra.regan@ouh.nhs.uk.
