

Dumfries & Galloway Royal Infirmary  
Imaging Service Manager

**Salary:** Band 8a

**Hours:** 37.5hpw

**Contract:** Permanent

**Department:** Imaging

NHS Dumfries & Galloway are looking to appoint an Imaging (Radiology) Service Manager to ensure effective delivery of an effective Imaging Service across the Dumfries and Galloway region.

The post holder will be expected to maintain and improve performance by providing clear professional leadership and operational management. This involves meeting key national and local targets in respect of quality, performance (including waiting times), and finance whilst working across Departments to ensure effective management of patient pathways. The post is based at Dumfries and Galloway Royal Infirmary and will contribute to the senior management team within the Diagnostic Directorate.

The Department is made up of a friendly multidisciplinary team who are committed to excellence.

Applicants must be a qualified Radiographer with current HPC registration. They must be educated to Masters level with extensive service within a senior management role in the health service.

This post will require the successful applicant to obtain PVG Clearance.

Informal enquires to: Gail Meier, Deputy General Manager on 01387 241453 or Joan Pollard, Associate Director of Allied Health Professions on 01387 244146.
