

Practice Plus Group Hospitals

Radiographers & MRI Lead

Competitive salaries with added benefits and relocation packages available - full-time, part-time, bank and preceptorship opportunities.

As a Radiographer at **Practice Plus Group Hospital, Shepton Mallet**, you will receive training and role development such as MRI training, management courses and even reporting training options for the right candidates.

Previous employees have gained qualifications in Ultrasound and MRI whilst others have progressed to management roles within radiography.

You will have recent post-graduate experience, except for preceptorship opportunities, in general radiography and knowledge of current developments in

radiographic techniques.

We have recently invested in our x-ray equipment allowing us to enhance our digital capacity, improving the quality of the digital x-ray and aiding diagnosis.

Investing in new equipment and staff role extension makes the service more efficient, benefitting the patient experience; something we are passionate about.

Practice Plus Group Hospital has been rated Outstanding by the CQC which means that you can be sure you are part of a team providing safe, reliable and patient-focused care.
