

I am free to do my best work. I am Care UK.

We are looking for Radiographers to join our team in Shepton Mallet NHS Treatment Centre – Somerset.

Salary dependent on experience

In partnership with Somerset Partnership NHS Trust, Care UK has been awarded a new 8 year contract to develop and manage the health and wellbeing campus at Shepton Mallet. This is an exciting venture, one which will give an opportunity to progress innovative ways of providing healthcare in line with the NHS Five Year Forward View's vision of bringing care closer to home.

A new opportunity has arisen for Radiographers to join our team. HCPC registered you will report in to the Diagnostic Imaging Manager; be conversant with all routine procedures in general x-ray and cross sectional imaging i.e. MRI scan, mobile and theatre radiography.

You will have access to great facilities in a well-structured and relaxed environment. In return we offer a competitive base salary plus a range of benefits as well as a generous relocation package. Working with us in this leading-edge environment will also give you a chance to drive improvements in local healthcare provision
