

## Aberdeen Royal Infirmary

# Research and SIM Specialist Radiographer

Band 7 £33,222 - £43,471 per annum, Full-time 37.5 hours per week

Our department is lucky enough to be undergoing some radiographer service expansion, bringing this new combined research and simulator opportunity. The postholder will be charged with a unique opportunity to further develop and sustain research, clinical trials and audit within the service.

They will be a permanent part of the Simulator service, working with the Simulator manager to sustain the ever-developing pre-treatment service, importantly linking research and developing practice.

They will be a local champion for radiographer led research and will help support the Professional Development Lead to enable journal publications and wider dissemination of results.

Our Department has:

- 3 Varian Linacs, including RapidArc and Kv/ cone-beam imaging.
- Phillips wide bore CT Simulator.
- Varian Acuity Simulator.
- ARIA 15.
- Radiographer-led breast simulation sessions.
- Radiographer-led image review.
- Radiographer-led on-treatment Review Clinic.
- Offers radiographer development in all 4-tiers of the radiography structure;
- Band 5 to Consultant Radiographer.

We can offer:

- An up-to-date, new radiotherapy centre to work in.
- VMAT, SABR, and cone-beam CT imaging well established.
- Paper-lite working being implemented.
- A supportive, collaborative working environment.
- Protected, radiographer-led CPD study time.
- Funded MSc study modules.

Since time away from work is just as important Aberdeen can offer:

A very sociable city with the usual good mix of city things to do: pubs, clubs, theatre, concerts and music venues, museums, cinemas, restaurants, art gallery, etc. Aberdeen has its own long sandy beach, surf club, and a specialist climbing wall nearby.

Union Square; one of the largest shopping and entertainment centres in Scotland, with over 60 stores, restaurants, and a 10 screen cinema.

The Cairngorm mountain range is approximately 2 hours drive away providing stunning scenery, great hiking, biking, and skiing. Good transport links; our international airport is a 15 minute drive away.

For further information please contact Nicola Redgwell, Radiotherapy Manager on (01224) 552140, or e-mail [nicola.redgwell@nhs.net](mailto:nicola.redgwell@nhs.net).
