College Lane, Hatfield

## Senior Lecturer Diagnostic Radiography & Imaging

£39,609 - £50,132 pro rata per annum

Permanent, full time working 37 hours (1.0 FTE).  
We welcome fractional appointments.

**Job Ref: 019974**

We are looking for an enthusiastic and experienced HCPC registered diagnostic radiographer committed to enhancing the profile of radiographers in the UK to join our team. You will join one of the largest radiography education providers in the UK and will be part of a dynamic and innovative team who are at the forefront of learning and teaching developments.

The successful applicant will be recruited to join our teaching team and experience in image reporting or modalities such as CT, MRI, RNI and PETCT would be advantageous.

We offer an extensive provision at undergraduate and postgraduate levels. The successful applicant will play an active part in the education of students and taking forwards the research strategy within the Department and in developing the research environment alongside other radiography staff.

Closing date: 28 February 2019

University of  
Hertfordshire **UH**
