

Senior MRI Radiographer

Parkside Hospital, Wimbledon, are looking to recruit a full-time **Senior MRI Radiographer** to join our Radiology team. The Radiology Department consists of X-Ray rooms including Fluoroscopy, MRI, 64-slice CT scanner, digital Mammography and Ultrasound and is a fully digital department using a Carestream RIS/PACS system. We have also expanded our services to include an Outpatient X-Ray facility. This houses a Carestream dual-detector digital room, a mammography suite, two Ultrasound rooms and a new 3T Philips MRI.

If you have significant post-qualification experience in MRI, excellent communication skills and an enthusiastic and flexible attitude, we would welcome your application to join our team.

Parkside Hospital, part of Aspen Healthcare, is a well-established leading private hospital with a dedicated oncology facility – Cancer Centre London. Easily accessible from Central London and the Home Counties located opposite Wimbledon Common, providing first class independent healthcare across many surgical specialties.

We offer competitive salaries and an excellent benefits package which includes:

- Career development opportunities
- Comprehensive induction
- Support for continuing professional development
- In-house “Investing In You” training programme
- Company funded Practical Health Plan
- Medical cover and free staff health screens
- Pension scheme
- Annual leave entitlement that increase with service
- Childcare vouchers
- Employee Assistance programme
- Cycle to work scheme
- Retail, leisure and holiday discounts
- Employee referral scheme
- On-site restaurant
