

**MAINTENANCE OF THE REGISTER OF ASSESSORS FOR APPOINTMENTS TO SERVICE MANAGER
POSTS, CONSULTANT RADIOGRAPHER POSTS, SENIOR RESEARCH ROLES AND LECTURER
POSTS**

- 1.0 The College of Radiographers will from time to time seek applications for assessors to be added to the register.
- 2.0 Individuals considered for admission to the register must meet the following criteria:
- have wide clinical experience;
 - hold appropriate professional and/or academic qualifications;
 - have an understanding of the organisational differences between UK countries and various NHS management structures;
 - have experience of interview policies and procedures;
 - have an understanding of national health and professional issues;
 - have experience of equal opportunities policies;
 - accept and work within the guidelines established by The College of Radiographers, including a commitment to undertaking training as required;
 - be a current member of The Society of Radiographers.
- In addition, it is desirable that applicants:
- provide evidence of multi-disciplinary experience.
 - have experience of working at national level
- 3.0 Individuals wishing to apply will be provided with an application form and the criteria, and further information about the role of an assessor. They must:
- complete and return the application form;
 - append a short curriculum vitae;
 - provide evidence to demonstrate how they fulfil the criteria
 - return completed application form, CV and evidence to ValerieA@sor.org
- 4.0 The College will consider applications and make appropriate additions to the register.
- 5.0 In making additions to the register, the College will ensure that:
- all assessors added to the register fulfil the essential criteria listed in 2.0 above;
 - a proportion of assessors added to the register fulfil the desirable criterion listed in 2.0 above;
 - a suitable geographic spread of assessors is achieved;
 - there is adequate representation of all disciplines;
 - there is sufficient representation of clinical interests.
